Certificate Course in Guided Imagery and Music – Introductory Level

This multi-modal course is designed for therapists and pastoral care workers to develop skills in using pre-recorded music programs with groups and individual clients.

The content covers:

- Music and imagery for groups and individuals
- Principles in selecting appropriate music
- Developing suitable themes for a series of sessions
- Creative relaxation inductions
- Understanding symbolism in imagery
- The use of the drawn mandala in processing music and imagery experiences
- Verbal facilitation skills to enhance imagery and to maximize the gains of the session

Training in this certificate course is over four residential weekends, Friday evening to Monday 5.00pm, held in Melbourne.

Course Fee TBA includes x2 supervised sessions, x4 personal sessions and MIAA general membership.

2012 Course dates: 2-5 March. 18-21 May. 10-13 Aug. 9-12 Nov.

Accommodation and food expenses during training incur extra expenses.
